Most of our **JC Economics Tuition** classes range from 2 hours to 3 hours. Over at Economicsfocus, we understand the mentality as well as the knowledge absorption rate of our students. Thus, we focus more on creating a pleasant learning environment for all our students. Also, our students can relate well to the way we structure our lessons and appreciate the way we time our lesson to perfection.

Having been an A Level Economics Tutor for the past 20 years, I have learnt how students' attention in class can dip when the time gets dragged. Hence, when you come over to our tuition centre for lessons, rest assured extensive effort has been placed to ensure that you reap the most benefits from our [Bishan Economic Tuition Unit](#).
